

Disneyland Paris Gains Innovation and **Long-Term Support** from **Multiyear Migration** with Origina

This famously magical recreation spot just outside of Paris has charmed hundreds of millions of global visitors since 1992.

 **Chessy, France**

THE PROBLEM

“PUT OUR SERVICE TO THE TEST”
DECOUPLING FROM 35 BIG BLUE SOFTWARE PRODUCTS

THE SOLUTION

DISNEYLAND PARIS **REPLACES CRITICAL SUPPORT** WITH ORIGINA FOR IBM END OF SUPPORT

THE RESULT

By choosing Origina for their expansive multiyear maintenance project, Disneyland Paris achieved:

- 1** \$3 million savings in IT maintenance costs that can be reinvested into innovation initiatives
- 2** A high-dollar victory for the incoming team to share with leadership
- 3** Concierge-level support, maintenance, and security for the IBM software running under the resort’s hood
- 4** Guidance and active service on tricky migration tasks that originate in the legacy estate
